Hi Sherry,

This work good here. I look forward to the visit tomorrow at 10 am.

Hello Kristen.

Bob and I discussed trying to schedule a call on 26th at 10am, in advance of the call that Chris is arranging. We had Tom Kady scheduled for the call so that we can discuss comments on the Bristol technical document (RAOR, as stated below). We can have part of the call devoted to that and the other half to the check-in topics that you mentioned. Could that work?

Sherry

Subject: reschedule EPA Tribe Tech call- Shedule work needed

Good Morning Sherry,

The Haskell Lake Project Schedule Development was on the agenda for our October 5th call. The call was postponed, awaiting the Bristol Report. It looks like schedule is on the agenda for the October 27th State-Tribe-EPA call.

Could we schedule a call in advance of the October 27th call to get the EPA and Tribal requirements addressed in the schedule?

For Reference, I have attached the schematic of our agreed process. This should be helpful to the schedule work.

Kristen

Good Morning:

My calendar says that we have a call coming up at 8 AM on Thursday morning. Here are some proposed agenda items; please share suggestions for other items with the group:

∇ Brief discussion on review/comment process for call notes

∇ Update on status of RAOR from Bristol

∇ Clarification of available data/results/submittals – who has what, and what can we do better in terms of sharing information?

∇ Prioritization of time remaining in 2016 – complete MW network installation vs. remedial action planning/implementation vs. other?

∇ Need to update project schedule?

∇ Other items?

Talk to you on Thursday. Thanks!

We are committed to service excellence.
